

PHARMA COMPLIANCE

# Stay vigilant, aligned, and compliant online

In the digital era, Pharma companies must monitor online spaces for compliance or risk financial penalties. With over 85% of companies at risk for receiving financial penalties, the FDA issued over 180 warning letters in 2023 alone.

**Secure campaign safety for pharmacovigilance teams, freeing brand teams and agencies to focus on patient engagement and digital performance worry-free with Resolver Pharma Compliance**

## 100% SLA events reporting

Ensure 100% SLA compliance in detecting adverse events with triple-checked accuracy, preventing financial penalties.

## Align with industry regulations

We empower internal teams to curate compliant branded marketing freely and address often overlooked concerns.

## Experts in evolving industry

Leverage expert analysis and ongoing trend forecasting to address immediate risks, identify future threats, and respond effectively with actionable intelligence before a crisis evolves.

## Diversity as standard

Our advanced technology extends monitoring to diverse social media channels and custom environments like native chatbots.

# Get ahead with rapid and accurate reports and insights

## Risk coverage

Our solution offers 24/7/365 coverage for pharma compliance, across:

Adverse Events, Product Complaints, Special Situation Reports / Other Safety Findings

## Reconciliation reports

A detailed safety information report submitted on a weekly, monthly, quarterly, or annual basis, aiding the customer PV team in verifying the completeness and accuracy of Resolver's submissions in their databases

## 50+ languages covered

Our global team of multilingual native speakers provides peace of mind in multiple languages, including non-contracted language support.

## Avoid financial penalties

Our solution minimises misinformation by triple-checking events for 100% SLA adverse event detection.

**Stay informed, take action, and secure your reputation with unrivaled crisis management.**

“We conducted parallel monitoring with internal teams and Resolver. When we compared results, Resolver picked up on things that our team hadn't. Resolver provides the quality we can trust.”

- SOCIAL MEDIA CAPABILITY DIRECTOR,  
PHARMACEUTICALS
